§ 503.54 Original classification.

(a) No Commission Member or employee has the authority to originally classify information.

(b) If a Commission Member or employee develops information that appears to require classification, or receives any foreign government information as defined in section 1.1(d) of Executive Order 12958, the Member or employee shall immediately notify the Security Officer and appropriately protect the information.

(c) If the Security Officer believes the information warrants classification, it shall be sent to the appropriate agency with original classification authority over the subject matter, or to the Information Security Oversight Office, for review and a classification determination.

(d) If there is reasonable doubt about the need to classify information, it shall be safeguarded as if it were classified pending a determination by an original classification authority. If there is reasonable doubt about the appropriate level of classification, it shall be safeguarded at the higher level of classification pending a determination by an original classification authority.

§ 503.55 Derivative classification.

(a) In accordance with Part 2 of Executive Order 12958 and directives of the Information Security Oversight Office, the incorporation, paraphrasing, restating or generation in new form of information that is already classified, and the marking of newly developed material consistent with the classification markings that apply to the source information, is derivative classification.

(1) Derivative classification includes the classification of information based on classification guidance.

(2) The duplication or reproduction of existing classified information is not derivative classification.

(b) Members or employees applying derivative classification markings shall:

(1) Observe and respect original classification decisions; and

(2) Carry forward to any newly created documents the pertinent classification markings.

(3) For information derivatively classified based on multiple sources, the Member or employee shall carry forward:

(i) The date or event for declassification that corresponds to the longest period of classification among the sources; and

(ii) A listing of these sources on or attached to the official file or record copy.

(c) Documents classified derivatively shall bear all markings prescribed by 32 CFR 2001.20 through 2001.23 and shall otherwise conform to the requirements of 32 CFR 2001.20 through 2001.23.

§ 503.56 General declassification and downgrading policy.

(a) The Commission exercises declassification and downgrading authority in accordance with section 3.1 of Executive Order 12958, only over that information originally classified by the Commission under previous Executive orders. Declassification and downgrading authority may be exercised by the Commission Chairman and the Commission Security Officer, and such others as the Chairman may designate.

§ 503.57

46 CFR Ch. IV (10–1–99 Edition)

Commission personnel may not declassify information originally classified by other agencies.

(b) The Commission does not now have original classification authority nor does it have in its possession any documents that it originally classified when it had such authority. The Commission has authorized the Archivist of the United States to automatically declassify information originally classified by the Commission and under its exclusive and final declassification jurisdiction at the end of 20 years from the date of original classification.

[49 FR 44401, Nov. 6, 1984, as amended at 64 FR 23548, May 3, 1999]

§ 503.57 Mandatory review for declassification.

(a) Information originally classified by the Commission but which has not been automatically declassified shall be subject to a review for declassification by the Commission, if:

(1) A declassification request is made; and

(2) A request describes the documents or material containing the information with sufficient specificity to enable the Commission to locate it with a reasonable amount of effort. Requests with insufficient description of the material will be returned to the requester for further information.

(b) Requests for mandatory declassification reviews of documents originally classified by the Commission shall be in writing, and shall be sent to the Security Officer, Federal Maritime Commission, Washington, DC 20573.

(c) If the request requires the provision of services by the Commission, fair and equitable fees may be charged pursuant to 31 U.S.C. 9701.

(d) Requests for mandatory declassification reviews shall be acknowledged by the Commission within 15 days of the date of receipt of such requests.

(e) If the information was originally classified by the Commission, the Commission Security Officer shall forward the request to the Chairman of the Commission for a determination of declassification. If the information was originated by another agency, the Commission Security Officer shall refer the review and the pertinent

records to the originating agency. The final determination will be issued within 180 days of the receipt of the request.

(f) If the document was derivatively classified by the Commission or originally classified by another agency, the request, the document, and a recommendation for action shall be forwarded to the agency with the original classification authority. The Commission may, after consultation with the originating agency, inform the requester of the referral.

(g) If a document is declassified in its entirety, it may be released to the requester, unless withholding is otherwise warranted under applicable law. If a document or any part of it is not declassified, the Security Officer shall furnish the declassified portions to the requester unless withholding is otherwise warranted under applicable law, along with a brief statement concerning the reasons for the denial of the remainder, and the right to appeal that decision to the Commission within 60 days.

(h) If a declassification determination cannot be made within 45 days, the requester shall be advised that additional time is needed to process the request. Final determination shall be made within one year from the date of receipt unless there are unusual circumstances.

(i) In response to a request for information under the Freedom of Information Act, the Privacy Act of 1974, or the mandatory review provisions of Executive Order 12958, the Commission shall refuse to confirm or deny the existence or non-existence of requested information whenever the fact of its existence or non-existence is itself classifiable under Executive Order 12958.

(j) When a request has been submitted both under mandatory review and the Freedom of Information Act (FOIA), the requester must elect one process or the other. If the requester fails to so elect, the request will be treated as a FOIA request unless the requested materials are subject only to mandatory review.
